

### **Overview of Timeline in Draft Rule & Regulation, March 12, 2013:**

Pending approval of the Subcommittee, the draft R&R specifies the following timing and deadlines for required actions.

In the final R&R, calendar dates marked xx, 20xx in the draft will be filled in with calendar dates appropriately to state the timing relative to final passage by the Board of Health.

The draft R&R also provides that the Director may extend these submission dates and deadlines to a later date. (Section 6.F.)

<b>Timing</b>	<b>Requirements in Draft Rule &amp; Regulation</b> (described in brief)
6 months after final passage.	Each producer must state intent to participate in the standard plan or an independent plan. (Section 6. subpart C.)
6 months after final passage.	Each drug wholesaler selling medicines in or into the county must provide a list of producers of covered drugs. Wholesalers must update the list by January 15th of each year. (Section 13.)
9 months after final passage.	Producers must identify a plan operator as official point of contact for their stewardship plan. (Section 6. subpart D.)
12 months after final passage.	Producers must submit their proposed product stewardship plan. (Section 6. subpart E.1.)
No later than 18 months after final passage.	Deadline for the standard stewardship plan and any independent stewardship plan to be approved and in operation. A plan shall begin operating within 3 months of approval by the Director, or no later than 18 months from date R&R is passed. (Section 6. subpart E.2.)
6 months after first 12 months of plan operation.	First annual report due from the standard stewardship plan and any approved independent stewardship plan. Due annually thereafter. (Section 12. subpart A.)
Annually after final passage.	The Director shall report to the King County Board of Health on status of stewardship plans, and any changes needed to the R&R. Timing at discretion of the Director and the BOH. (Section 17. subpart C.)
